## QUALITY POLICE

OIST is a trading company dedicated to supply piping material for top EPC's companies and main End Users. Our challenge is clear, to achieve maximum satisfaction of our customers in terms of quality, price and delivery time. For this target, OIST considers as basic principles governing our business vision:

- **Initiative**, providing materials and equipment at the most competitive prices in the market, supporting our clients about the best possible solutions, setting improvement objectives as an organization, and moving forward searching of continual improvement.
- **Commitment to quality**, which is achieved through compliance with the requirements, so that meet, and even exceed, the expectations of our customers.
- **High skills** to provide the best support to our customers, supported on highly qualified professionals, updated about our customer and market demands.
- Searching and qualifying the **best suppliers all over the world**, with a long term **relationship of mutual trust**.

These principles are taken by the Management, who provide the organization with sufficient resources to carry out this Quality Policy, publishing them and putting them in public knowledge through this letter.
